Italian Architectural Traveling Exhibition Dedalo Minosse Will be on Display at The Italian Cultural Institute of Chicago

PR Newswire

CHICAGO, Oct. 22, 2018

CHICAGO, Oct. 22, 2018 /PRNewswire/ -- The Italian Cultural Institute of Chicago is hosting the Chicago's stage of Dedalo Minosse traveling exhibition, opening on October 24th to November 2nd (Monday to Friday, 10:00 am – 5:00 pm).

Promoted by ALA - Assoarchitetti and Regione Veneto, the Dedalo Minosse biennial prize, is currently in its tenth edition, traveling through Italy and all over the world, reaching different locations - in the two years - exporting the best of Italian architecture and trends to various European countries, to North and South America, Asia and Oceania.

This traveling exhibition is a summary of the main exhibition held in Vicenza and travels the world, touching several stages for two years, thanks to agreements between ALA Assoarchitetti, the Italian Ministry of Foreign Affairs, the Italian Institutes of Culture and Italian and foreign associations. The travelling exhibitions are an opportunity to export the prize and the image of Italy, as well as to promote the culture and quality of architecture in the world.

The Chicago event has been organized with the support of the Inarcassa Foundation and takes place in conjunction with the presence of a delegation of about 40 architects and engineers attending the "2nd International Workshop," promoted by the Foundation.

Dedalo Minosse International Prize for commissioning a building aims to boost the quality of architecture looking at final result, analysing and focusing on project and constructive plan process and giving a special attention to people who determine the success of the work: the architect and the client, supported by the project executors (the building firms) and the public administrations.

In particular, thanks to the collaboration with local Bodies and Associations of architects and companies, the Award involves not only professionals working in architecture related fields, but a wider international audience, made up of clients, investors, administrators and professionals.

For those interested in attending at the opening on October 24th at 6:00, RSVP on Eventbrite or send an e-mail to events@worldprofessional.net (<mailto:events@worldprofessional.net>)

ALA – Assoarchitetti

The Association of Professional Architects, ALA - Assoarchitetti is an Italian non-profit organization aimed to promote and represent the social and civil values of the profession of architect and civil engineer with regards to the government, public opinion, economic and social forces at a central, regional and local level.

Inarcassa Foundation

Inarcassa Foundation supports, develops, promotes and protects architects and engineers who practice their profession on an exclusive basis. The Foundation was created as a support structure for the figure of the freelance Architect and Engineer in the performance of his daily work, through the provision of various services.
